

**Duration:** 2 days

**Previous Experience Required:** RYA Powerboat Level 2 and a recommendation of RYA First Aid and a SRC/VHF Licence

**Course Overview:** This course is designed to give you the skills and confidence to undertake coastal trips in daylight and settled weather conditions

**Please note:** This course is run by Mendez Marine not Hamble School of Yachting

[Click here to view full course syllabus](#)

**Cost** £299

This course is designed to bridge the gap between the RYA Level 2 Powerboat course and the RYA Advanced Powerboat course. The course aims to teach you to take the powerboat beyond just line of sight destinations and as such you will learn more about both traditional and modern navigational techniques including the use of GPS and chart plotters. You will spend time working on passage planning and pilotage skills which you will put into practice by completing a slightly longer coastal trip. The course will also work on improving the basic boat handling skills you acquired during Level 2 including some time spent considering handling slightly rougher conditions. Having successfully completed this course you will be confident to take a powerboat on slightly longer and more demanding trips and manoeuvre it in tighter confines.

**Minimum Age:** 16

**This course is run all year round. Please call us for latest availability.** If you would like own boat tuition to complete this course please feel free to call us to discuss the options

**Itinerary:** 0900 until 1700 each day. [Click here for an example schedule](#) of how you will spend the weekend
